### ANGUS BULLS

**Test I.D. 7    G P Man In Black 303        20646626**

A very complete and unique performance-oriented bull in terms of his genetic potential to transmit overall performance and maternal qualities in an eye-appealing package. He is a rare combination of phenotype, as well as having a proven maternal lineage with an elite EPD package being in the Top 2% for WW, YW. He is bred to be a herd changer in regards to growth and profit-oriented traits and is a product of stacking multiple generations of the best multi-trait bulls in the industry.

**Test I.D. 8    G P Dynamic 310                20646628**

We are striving to produce bulls that do as many things right as possible. A genomic and EPD breed changer being in the Top 1% for YW and RADG. Top 2% for WW. He is a multi-dimensional prospect that will add value to your breeding program. A big spread bull with genetic potential that ranks among the best in the breed.

**Test I.D. 9    G P Growth Fund 315        20646630**

An absolute physical specimen. Loaded with width and power. His sire will be in the Angus history books as a legendary sire with unbeatable customer satisfaction. Growth Fund daughters are tremendous young cows with excellent udders and very feminine in their makeup. His pedigree is stacked for generations of the elite performance sires of the breed. Top 1% WW, YW and Top 3% RADG, CW.

**Test I.D. 10    G P Man In Black 317        20646631**

A power bull that will add muscle dimension and base width. His dam is an elegant young cow with a beautiful udder and great disposition. He is bred to be a breed changer in regards to growth and profit-oriented traits.

## RED ANGUS BULLS

**Test I.D. 52 GP Believin 301 4747601**

A performance powerhouse, rugged made beef machine. He has the largest 205 day wt. at 1013 of any bull produced in our 54 year history. Top 1% of the breed for WW and YW along with the Top 4% for ADG. Marb and CW. He has an outstanding data set with the ability to boost weaning and yearling performance in an eye-appealing structure. He has that extra extension and is wide topped and wide based along with depth of body. This bull definitely has breed leading inherited prepotency.

**Test I.D. 53 GP End Zone 305 4747609**

A true breed leading prospect combining maternal excellence, calving ease with genetic predictions that are off the charts. One of the elite Marbling bulls of the breed being in the top 1% of the top 1%. He is also in the top 1% for ProS and GM. He is the complete package whether your are retaining replacement females or selling on an end product grid. We think this bull has tremendous potential.
